RapidShot is a patented hockey training system that automatically passes and collects hundreds of pucks an hour. There are 8 pass speeds and intervals for training slap shot, wrist shot, backhand and one-timers. RapidShot is the most advanced computerized shooting system in the world that measures measures the players' speed in accepting the pass, their velocity in shooting the puck and their accuracy in hitting targets.

## **ONLINE RANKINGS**

With your membership, you can check online rankings against other players in world. All rankings recorded during Competition and Duel Mode shooting are uploaded to [www.rapidshot.com](http://www.rapidshot.com) regularly throughout the day. Players can visit the website at anytime to monitor their standings and compare with other players in their age group from throughout the world.

## **AGE**

RapidShot recommends that **players ages squirt and older** utilize the unit in order to get the full benefit of the unit. With strict coach supervision, RapidShot can be used for passing drills and hand eye coordination for players younger than squirts.

*Revolution is not responsible for lost or stolen cards. A \$5 fee will be charged for replacement cards if they are damaged, lost or stolen. Hockey is a dangerous sport, PLAY AT YOUR OWN RISK.
